

MERGER ANNOUNCEMENT

Northern Tier FCU has entered into a proposed Merger agreement with North Star CCU contingent on due diligence and membership/regulatory approval.

By combining the two credit unions, we will be able to service more markets and have more budget dollars to devote to the credit union and ultimately the membership. Each credit union has complementary loan portfolios and a merged credit union would create a more diversified, competitive credit union.

A larger organization can leverage economies of scale, resulting in better employee benefits, more competitive rates, and more resources overall. Combined, we will be able to offer new products and services to meet all of your banking needs, while maintaining all of the same employees you have come to trust.
